Office of The District Attorney Elect

2021-2024

December 14<sup>th</sup>, 2020

Congratulations!

Our Transition Team has interviewed over 400 applicants to join the Fulton County District Attorney 2021 Administration. Those interviews are on-going -- many decisions are not yet determined, including final titles, salaries and positions. However, I write to inform you --

regardless of those pending decisions, you have been selected to join the 2021 Administration's Executive Leadership Team. While your title and specific role will be communicated to you at a later, I wanted to get you started on something special that I have planned for our Leadership Team.

Our Administration's success is directly related to the successes of my staff -- especially, my Executive Leadership. As an Executive Lead, you will play a critical role of changing and rebranding the culture in our office. As such, I want Fulton County citizens to know who I have trusted to bring change to this office. Therefore, I am asking that you submit a short biography for our website.

I intend to showcase the qualifications and talent that I see in you -- so, I am asking that your Biography covers the following: 1) years of practice, 2) years as prosecutor, 3) state bar membership, 4) membership in civic organizations, 5) professional experience (including any special units) and 6) education and degrees earned. I have attached a sample biography to use as a model.

I am asking that you submit your biography to me on, or before, Wednesday, December 16th at noon. Your BIO will be turned over to our website designed the next day.

Thank you and congratulations on joining the Leadership Team for the 2021 Fulton County District Attorney Administration.

Sincerely,

Transition Team
